DETAILED ACTION

1. This office action is in response to a communication filed on June 13, 2007. Claims 1-3, 5-9, 11-19, 21-25 and 27-36 as amended are pending. Claims 4, 10, 20 and 26 are cancelled.

Claim Rejections - 35 USC § 112

- The following is a quotation of the second paragraph of 35 U.S.C. 112:
 The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
- 3. Claims 1-3, 5-9, 11-19, 21-25 and 27-36 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Independent claims 1 and 17 recite "...a predetermined data pattern of an inherent parameter of the analog signal". It is unclear as to what aspect of the analog signal constitutes an "inherent parameter" as opposed to non-inherent parameter.

Claims 2-3, 5-9, 11-16, 18-19, 21-25 and 27-36 are rejected by the virtue of their dependency on the independent claims 1 and 17.

4. Claims 1-3, 5-9, 11-16, 33 and 35 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01.

Independent claim 1 recites "recovering digital data....". It is unclear how a digital data is recovered from analog video without incorporating a converting step.

Claims 2-3, 5-9, 11-16, 33 and 35 are rejected by the virtue of their dependency on claim 1.

Application/Control Number: 09/442,868

Art Unit: 2629

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Abbas I. Abdulselam whose telephone number is 571-272-7685. The examiner can normally be reached on Monday through Friday from 9:A.M. to 5:30 P.M.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Hjerpe, can be reached on 571-272-7691. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
